Invitation to the 3rd World Gym for Life Challenge, Vestfold (NOR) 2017

Dear Friends of Gymnastics,

The Fédération Internationale de Gymnastique and the Local Organising Committee of the 3rd World Gym for Life Challenge – Norway 2017 hereby invite all FIG Member Federations to take part in the World Gym for Life Challenge to be held in Vestfold, Norway.

26-30 July 2017

The World Gym for Life Challenge is one of the worldwide FIG events and is under the responsibility of the FIG Gymnastics for All Committee. It is organised by a Local Organising Committee, under mandate of the affiliated federation, whose bid was accepted by the FIG Council in May 2012.

The Norwegian Gymnastics Federations with its longstanding tradition in Gymnastics for All has the necessary experience and know-how to organise this special event.

The 3rd World Gym for Life Challenge will be held 20 minutes outside of Tønsberg, in Stokke municipality and in a marvellous location at Oslofjord Convention Center. Vestfold County is located on the western part of the Oslofjord, and it has the oldest city in Norway, Tønsberg, as its main city.

The World Gym for Life Challenge was organised for the first time in 2009 and then held every fourth year in between the World Gymnaestradas. The World Gym for Life Challenge offers a contest where the performing groups will be evaluated by a group of experts. Beside the contest there are also workshops and a Gym for Life Gala.

Groups of gymnasts of all ages, genders and abilities can participate and as FIG Member Federation you can register as many groups as you want.

The World Gym for Life Challenge rules can be found [here](#)

In the end of 2014, all FIG Member Federations will receive the first Newsletter from the Organising Committee. All information can also be found on www.fig-gymnastics.com and on www.gymforlife2017.com.

WELCOME TO THE 3rd WORLD GYM FOR LIFE CHALLENGE IN NORWAY 2017
